PREFACE

PREFACE.

These volumes grow in interest and value as the numbers and facilities for procuring the data, increase. The application papers have been corrected and edited with great care for we are anxious to have them as complete as possible.

We wish to do the work during the lifetime of members that we may have the benefit of their aid in collecting genealogical and historical facts, and in perfecting the records of the individual services of Revolutionary soldiers and patriots, as set forth in our Constitution. S. R. H.

"Also No. —" indicates the National number of a "Daughter" who has entered the Society on the same ancestor and whose lineage has been published in a former volume. This is done to link together widely scattered families. If the number should be 4006, it will be in the fifth volume; if 5005, in the sixth volume, etc.

"Real Daughters" are those whose fathers rendered service in the cause of Independence and their names are printed in italics in the text and index. There are ten "Real Daughters" in this volume.
